Education

California State University, Fullerton

Bachelor of Science in Computer Science, *Expected May 2026*

Moorpark Community College

Web Development Certificate

Projects & Extracurricular

Task Adventure – iOS Application

Capstone Project | Swift / iOS | Team of 3 Developers

- Developed a task management app for children with autism and developmental disabilities. App allows parents to create personalized schedules and push them to the child's device.
- Gamification: Earn points, unlock badges, interact with avatars
- Parent Monitoring: Real-time tracking, reminders for tasks
- Accessibility-Driven UI: Audio/visual cues, child-friendly design
- Collaborated using GitHub, Figma, and Firebase for agile development

Winner, ECS Student Project Innovation Expo 2025

Selected as one of 60 finalist teams across engineering disciplines to present *Task Adventure* at CSUF's top innovation showcase in the College of Engineering and Computer Science.
